

GOLDEN STATE REPUBLICAN WOMEN 2024

An Alliance of Independent Republican Women Clubs

Welcome to Golden State Republican Women! We are a service organization committed to the common goals of promoting Republican ideas and getting out the vote for our candidates and issues. Our mission is to help clubs in that effort.

As an independent club, you will have the authority and autonomy to govern your club as your culture requires: you will develop your own bylaws, standing rules and procedures, you will select the speakers that bring specific knowledge and wisdom to your club, and you will collaborate with other alliance clubs and with the GSRW Executive Committee through your District Directors. You decide what to do with your own time, talents, and finances. You decide what goals you want to accomplish and what activities are most meaningful for you.

- GSRW will create speaker events both by Zoom and in-person, which can draw bigger names for a larger audience. Some events will be arranged within specific districts, some will be statewide. We also plan to have a list of speakers to be made available to member clubs.
- GSRW will be a link between independent clubs statewide. This will enable independent clubs to pull together to create events, share ideas and projects, work towards common Republican goals, and support candidates. Strength in numbers!
- GSRW intends to continue with District Directors (formerly known as Regional Directors), who will encourage clubs and will be a central part of what links us all together.
- GSRW will create leadership training events to help individuals and clubs to ensure their success as they go forward by always working to educate and promote good leadership skills.

GSRW is committed to providing resources that will enable your club to grow.

- GSRW will continue to provide legislative information on a regular basis. GSRW publishes “The Gold Standard” newsletter three times per year to share and promote GSRW activities, as well as to highlight important relevant news and information.
- GSRW has a website that allows member clubs to have access to all the latest information and to promote their clubs. We offer online submission of membership reports and payment of dues. We will maintain a social media presence that will promote GSRW and Republicanism.
- There will also be a page for every member club on the GSRW website that will link to the club's website if available.
- GSRW offers an At-Large Membership for Republicans not part of a local club. This will provide clubs with an opportunity to market to new and younger members.

GSRW is proud to be a Chartered Volunteer Organization with CAGOP and has been approved by several County Central Committees. This will require certain standards to be met by our member clubs. For example, only registered Republican women can join as full members.

We look forward to having your Republican women's club join Golden State Republican Women as we strive to make California golden again!
